WEB DEVELOPMENT ACTIVITIES

Web Development Activity Based Learning

Activities included:

1. Bakery and Cake Shop Website
2. Hospital and Healthcare Services Website
3. Healthy Food and Nutrition Website

Each activity begins with its test case name, aim, explanation, and conclusion, followed by the corresponding pages from the supplied PDFs.

CASE 1: BAKERY AND CAKE SHOP WEBSITE

Test Case Name

Bakery and Cake Shop Website – Navigation, Menu, Custom Cakes, and Contact Information

Aim

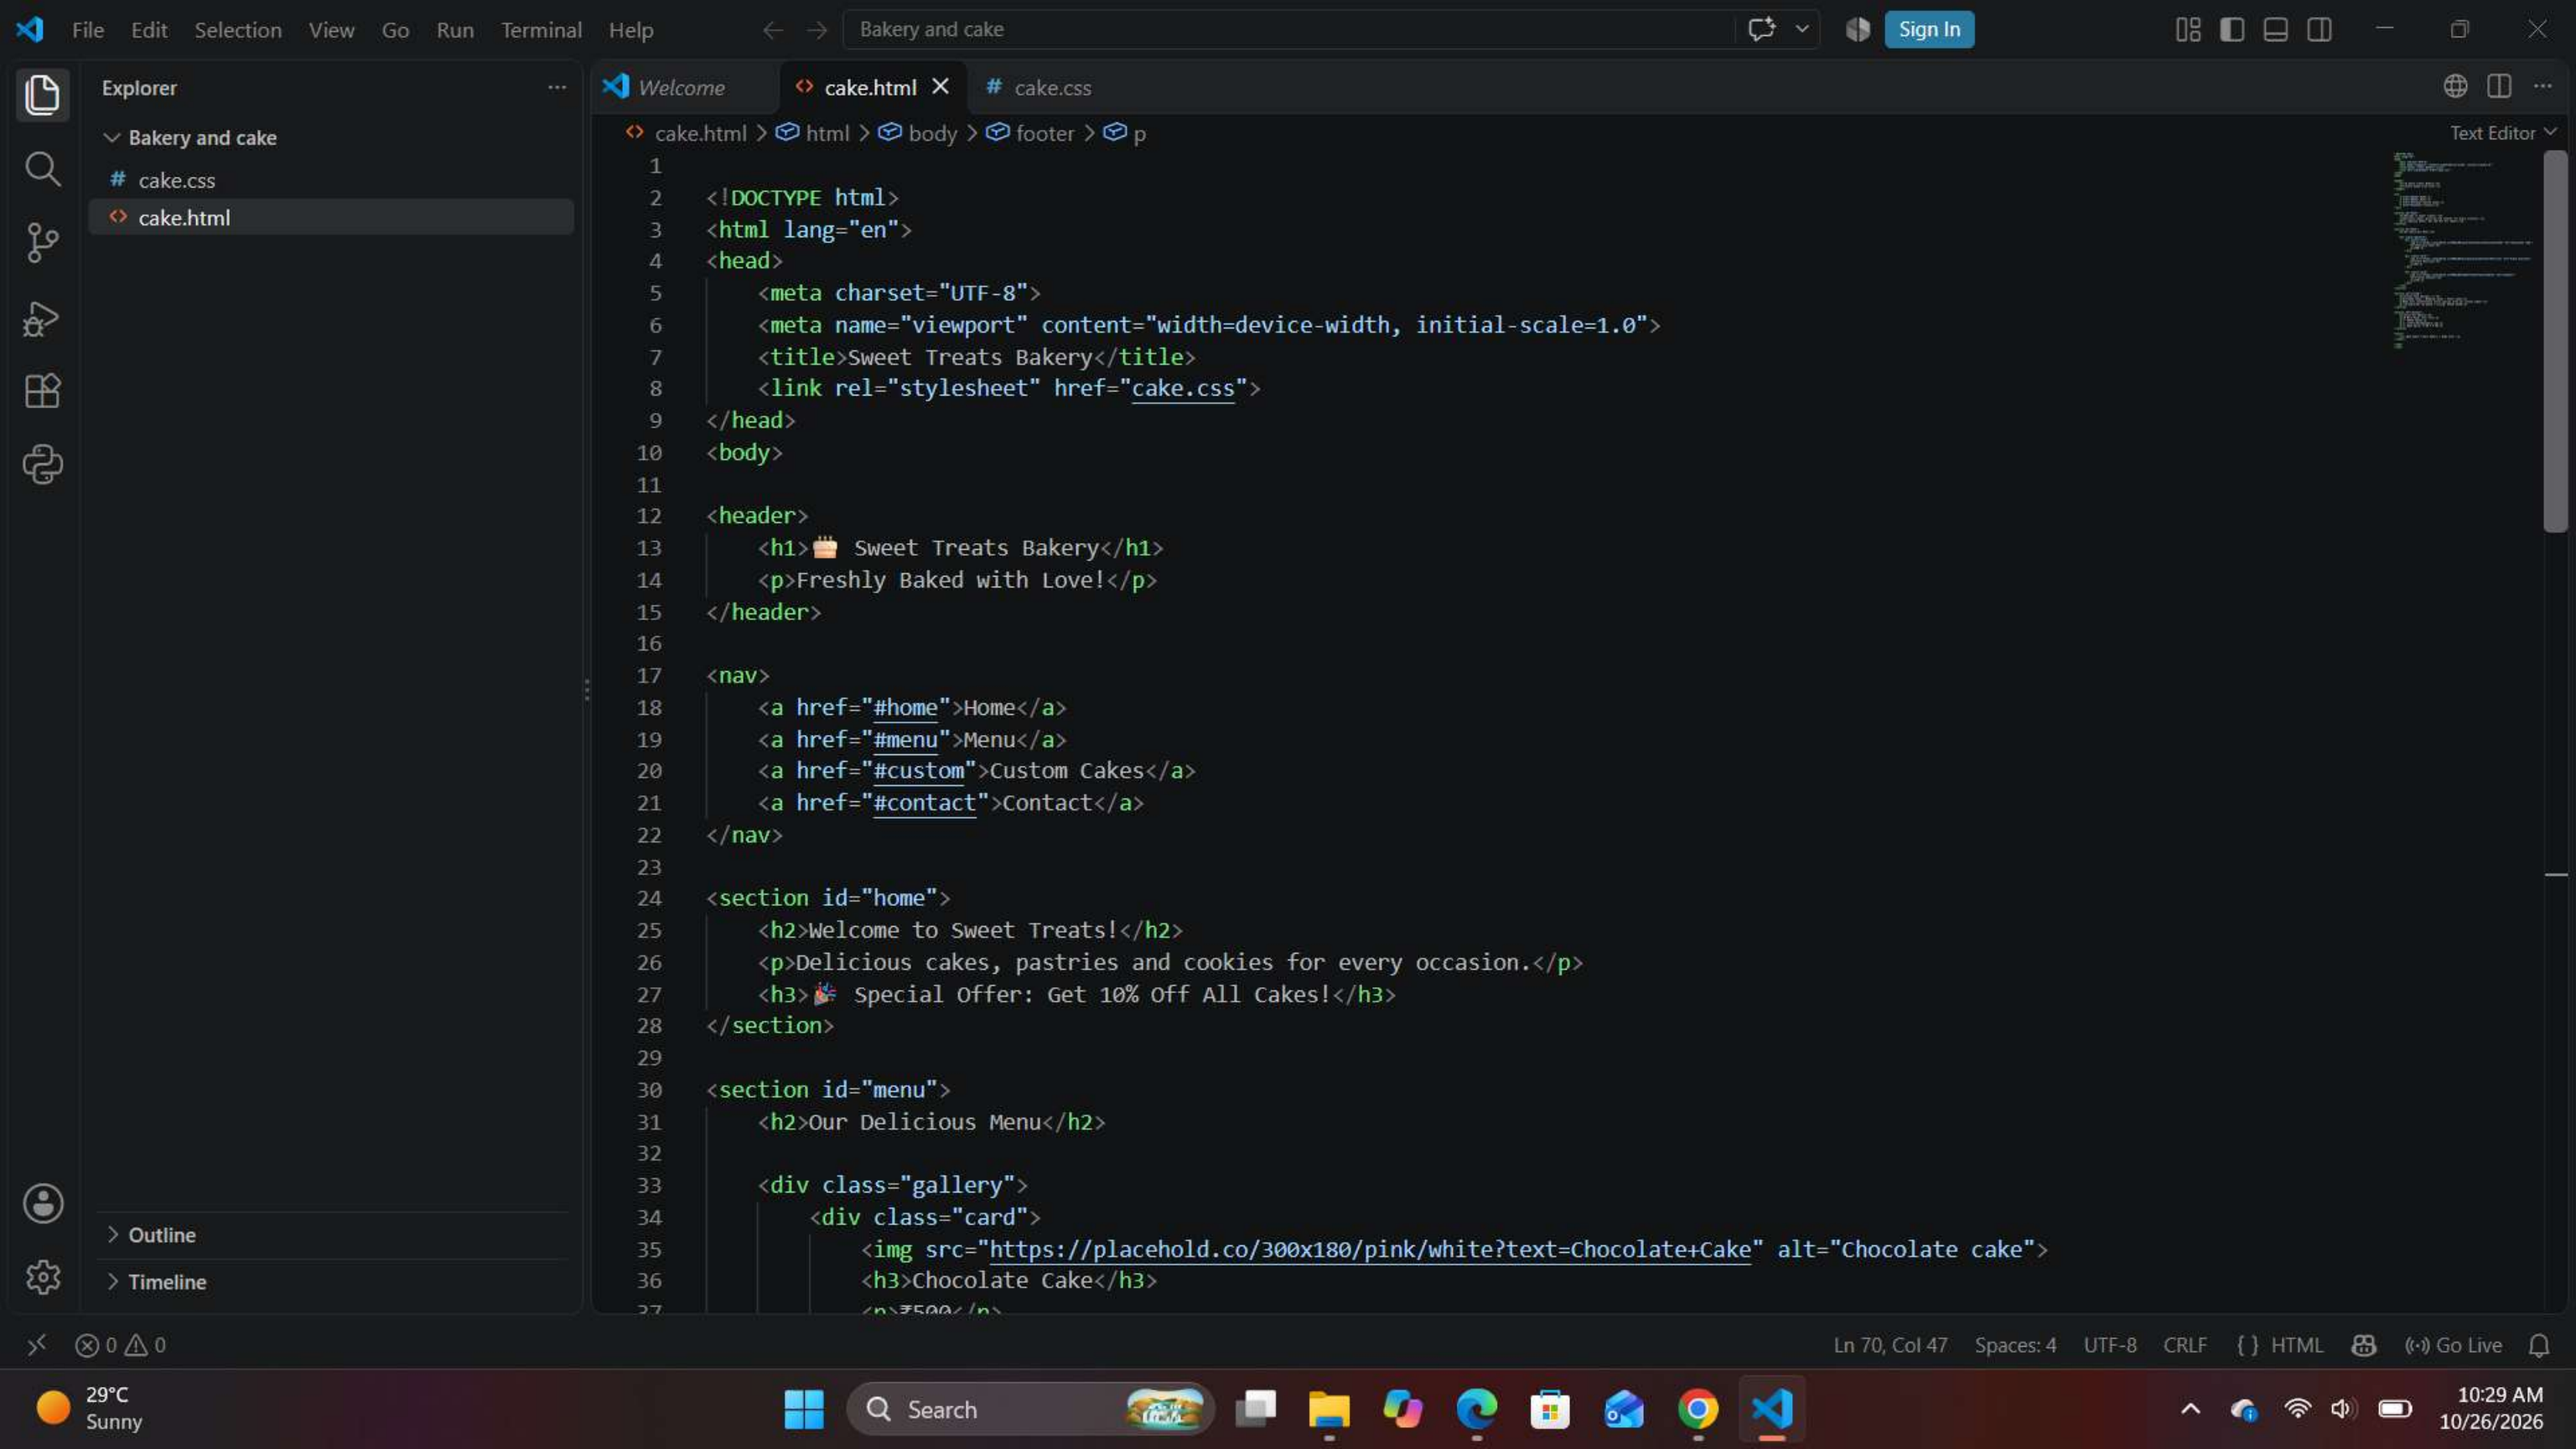

To design a simple and attractive bakery website that presents bakery products, prices, custom cake options, special offers, and contact information.

Explanation

The website uses HTML to organize sections such as Home, Menu, Custom Cakes, and Contact, and CSS to style the page. Product cards display chocolate cake, pastries, and cookies with prices. Navigation links move to sections on the same page, while the custom cake section provides ordering information and the contact section shows address, phone, email, and opening hours.

Conclusion

The website presents bakery products and essential business information in a clear layout. The navigation and product sections help visitors browse the menu and find contact details.

CASE 2: HOSPITAL AND HEALTHCARE SERVICES WEBSITE

Test Case Name

Hospital and Healthcare Services Website – Departments, Doctors, Facilities, Visiting Hours, and Appointment Form

Aim

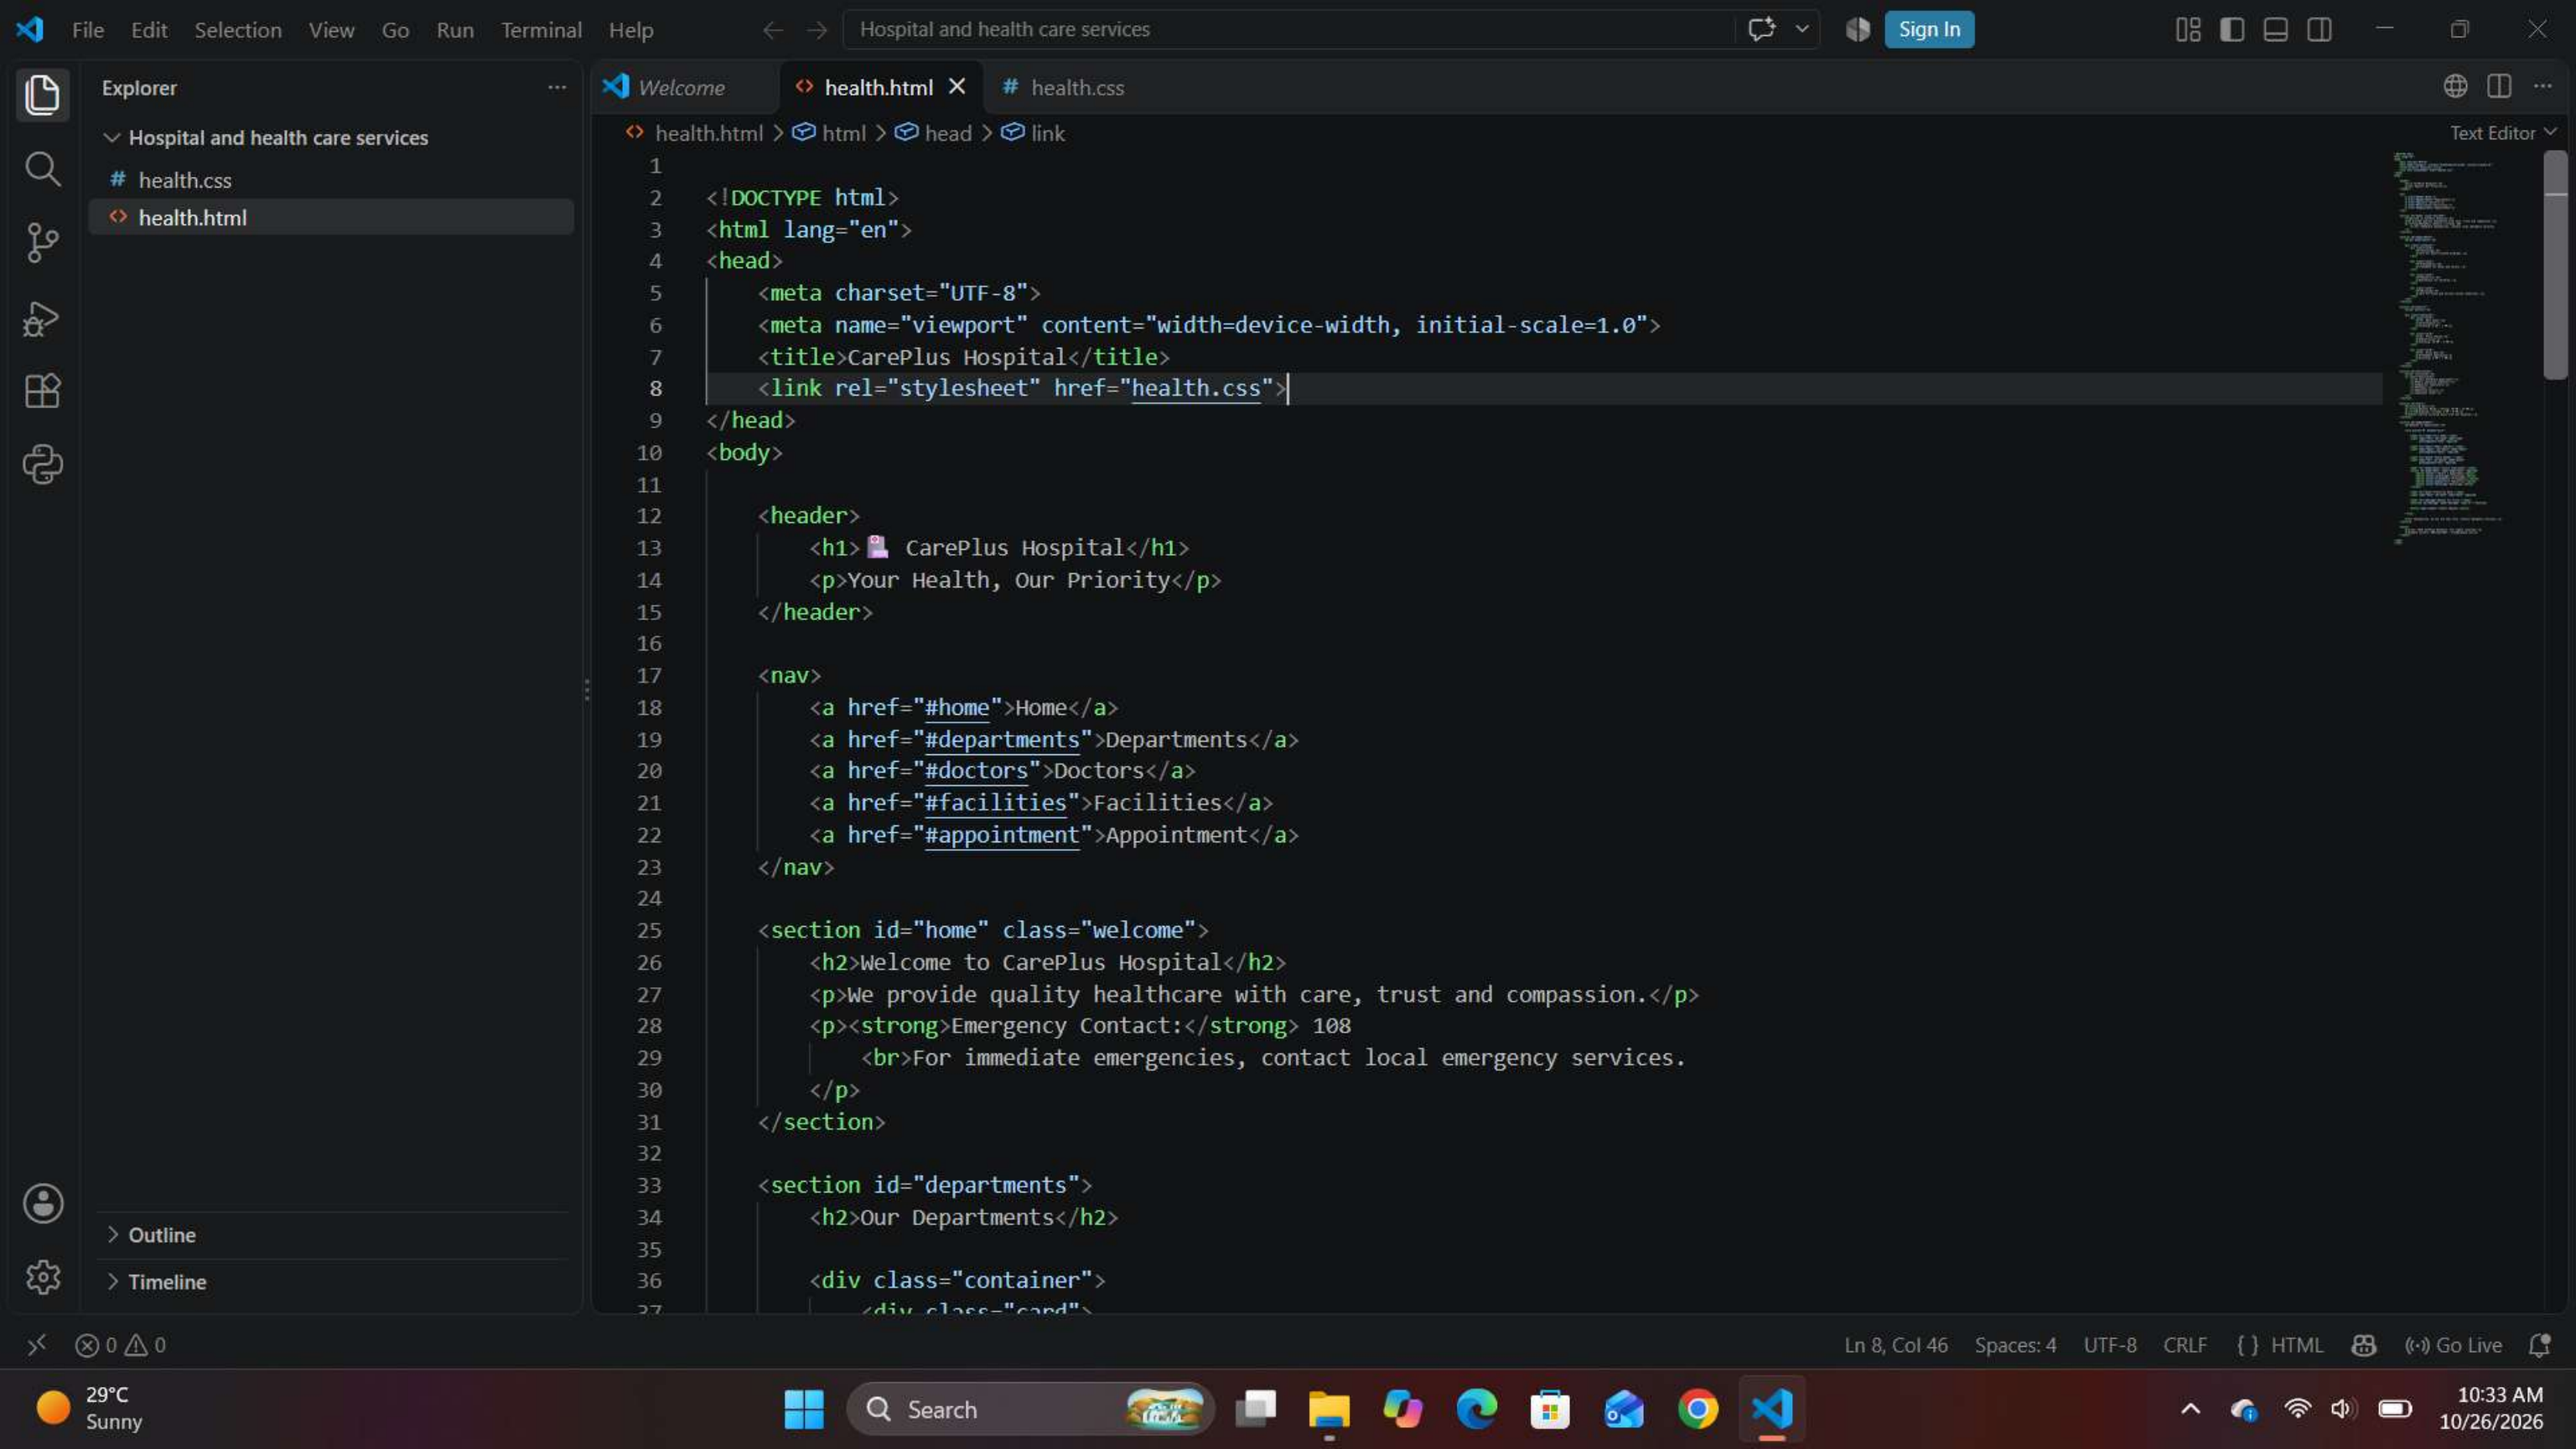

To create a healthcare website that provides information about hospital departments, doctors, facilities, visiting hours, emergency contact details, and appointment requests.

Explanation

The website is structured with HTML sections for departments, doctors, facilities, visiting hours, and an appointment form. CSS provides visual styling and layout. The form includes fields for a patient's name, email, phone number, department, preferred date, and reason for visit. The page also displays emergency contact information and hospital facilities.

Conclusion

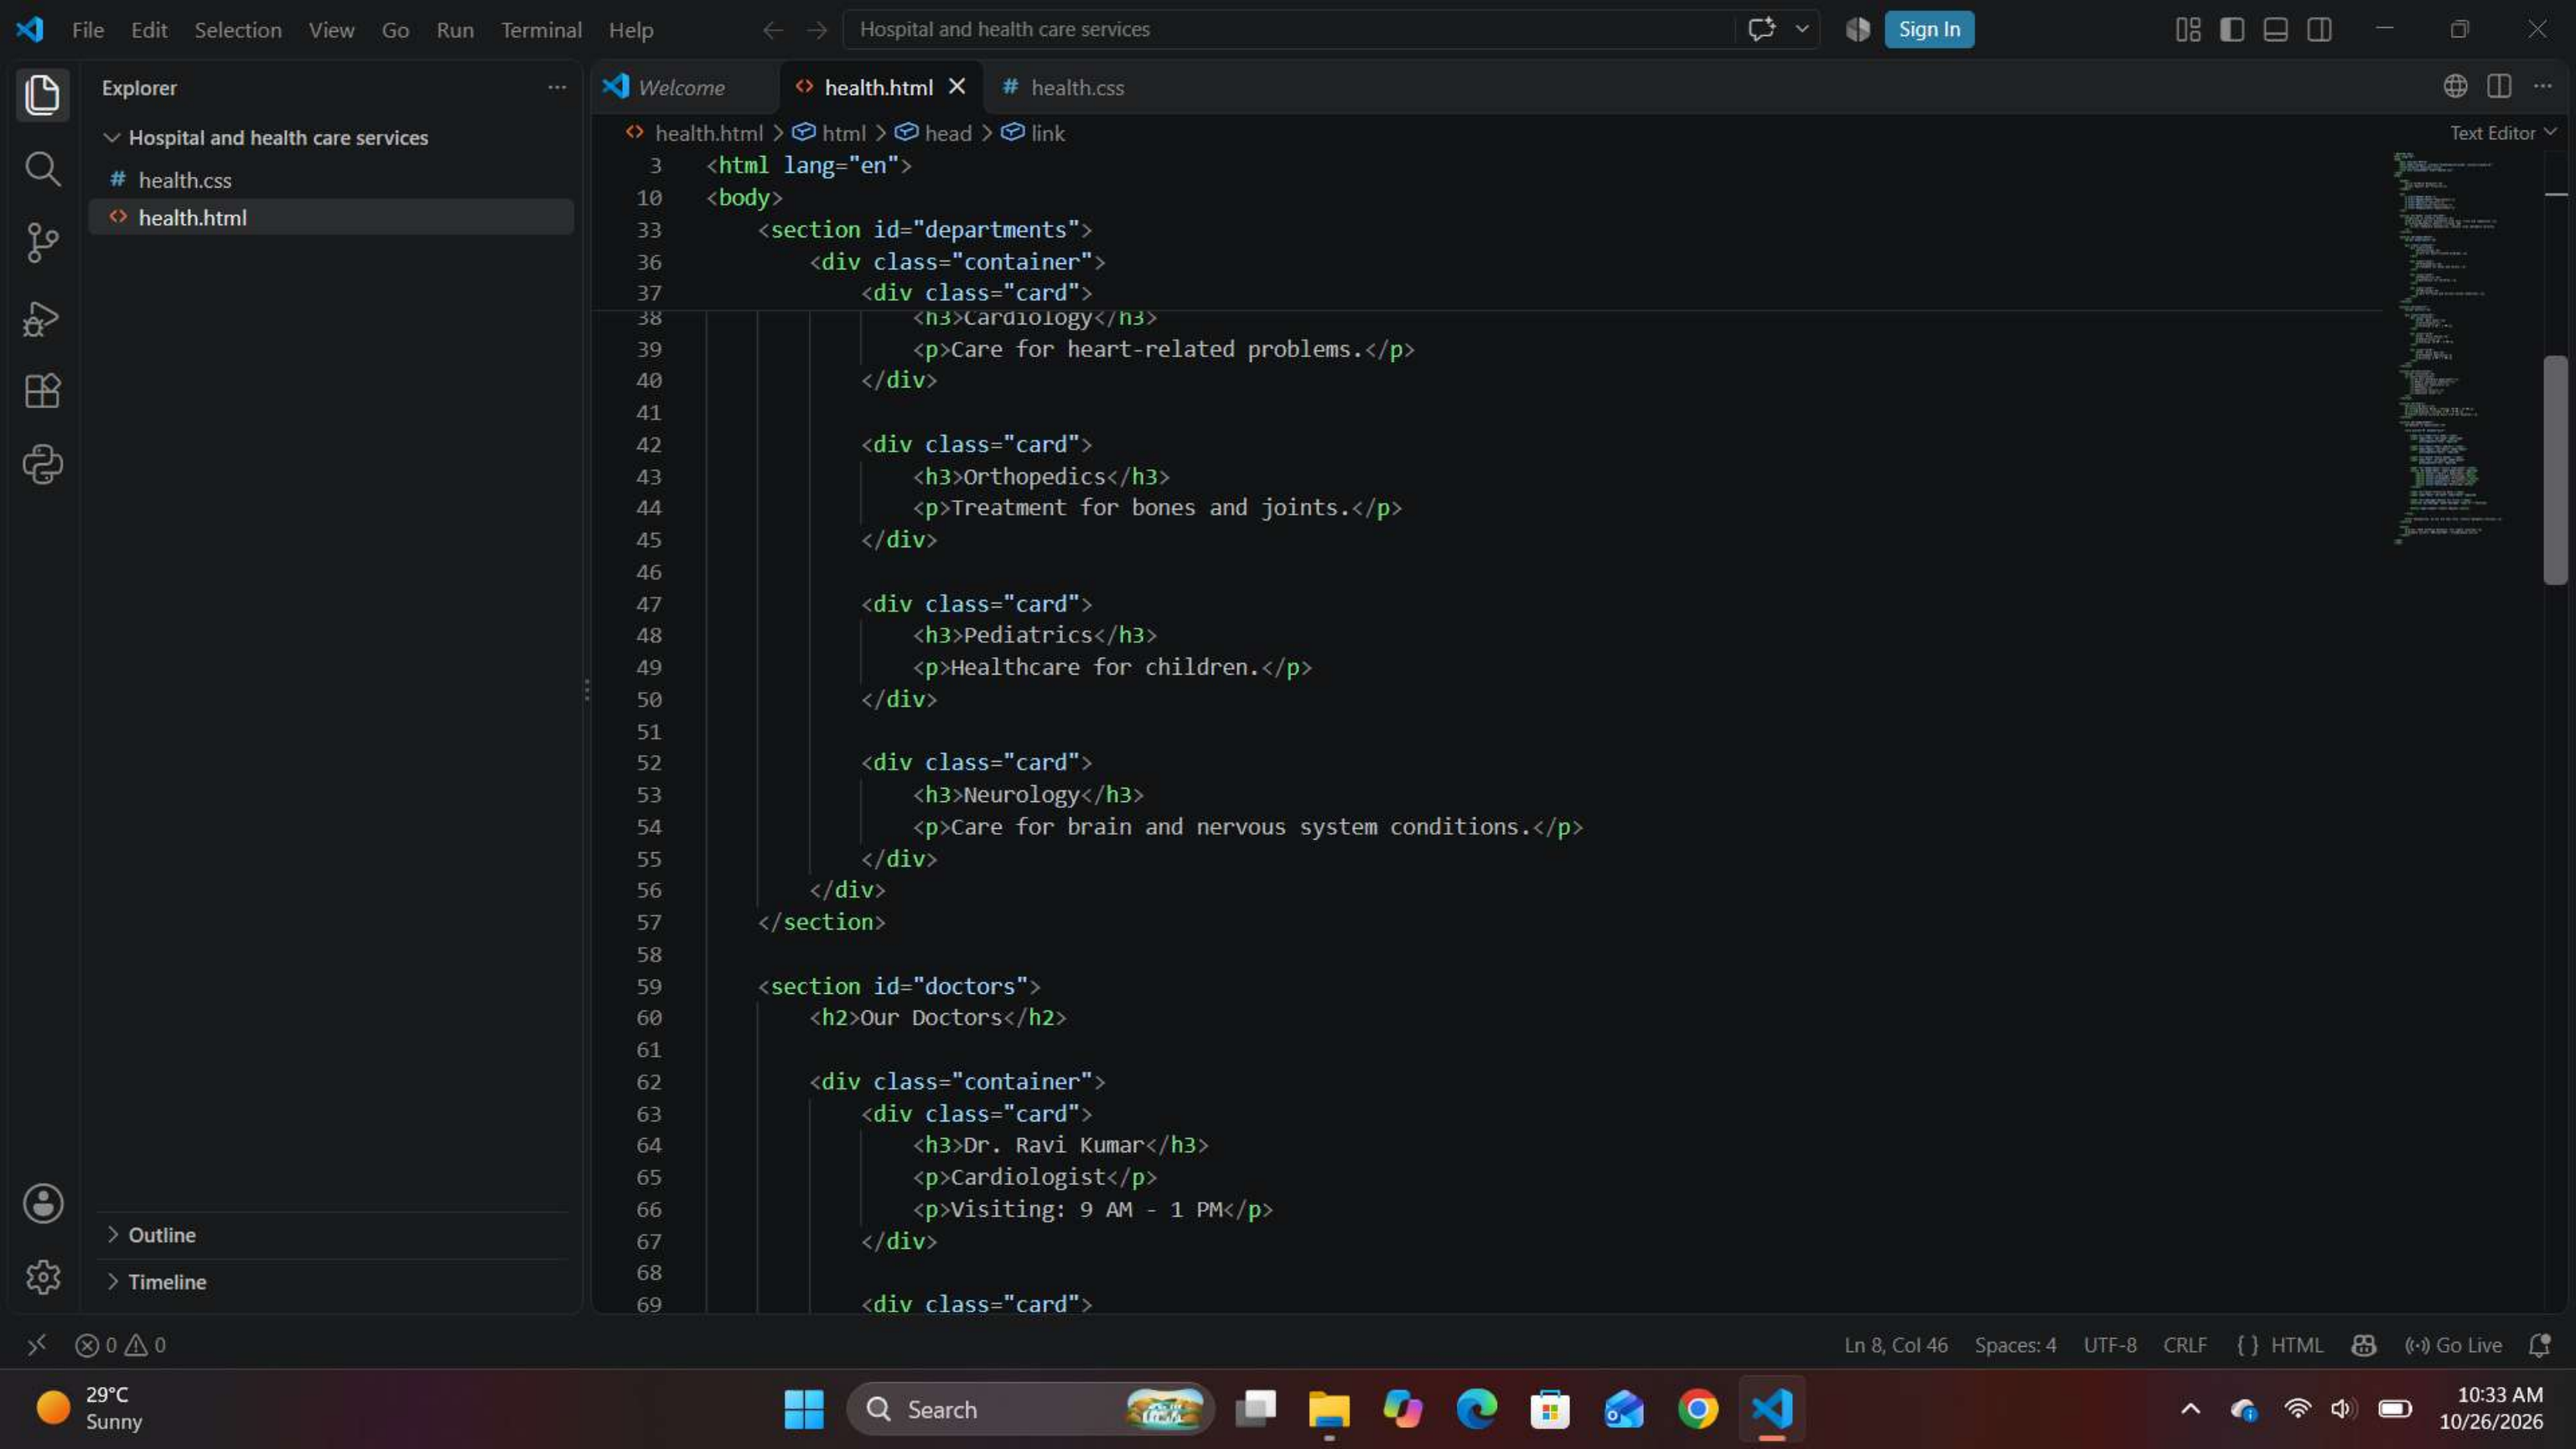

The website organizes important hospital information in one place and provides an appointment-request interface, making the information easier for visitors to access.

CASE 3: HEALTHY FOOD AND NUTRITION WEBSITE

Test Case Name

Healthy Food and Nutrition Website – Food Categories, Recipes, Meal Plan, and Healthy Tips

Aim

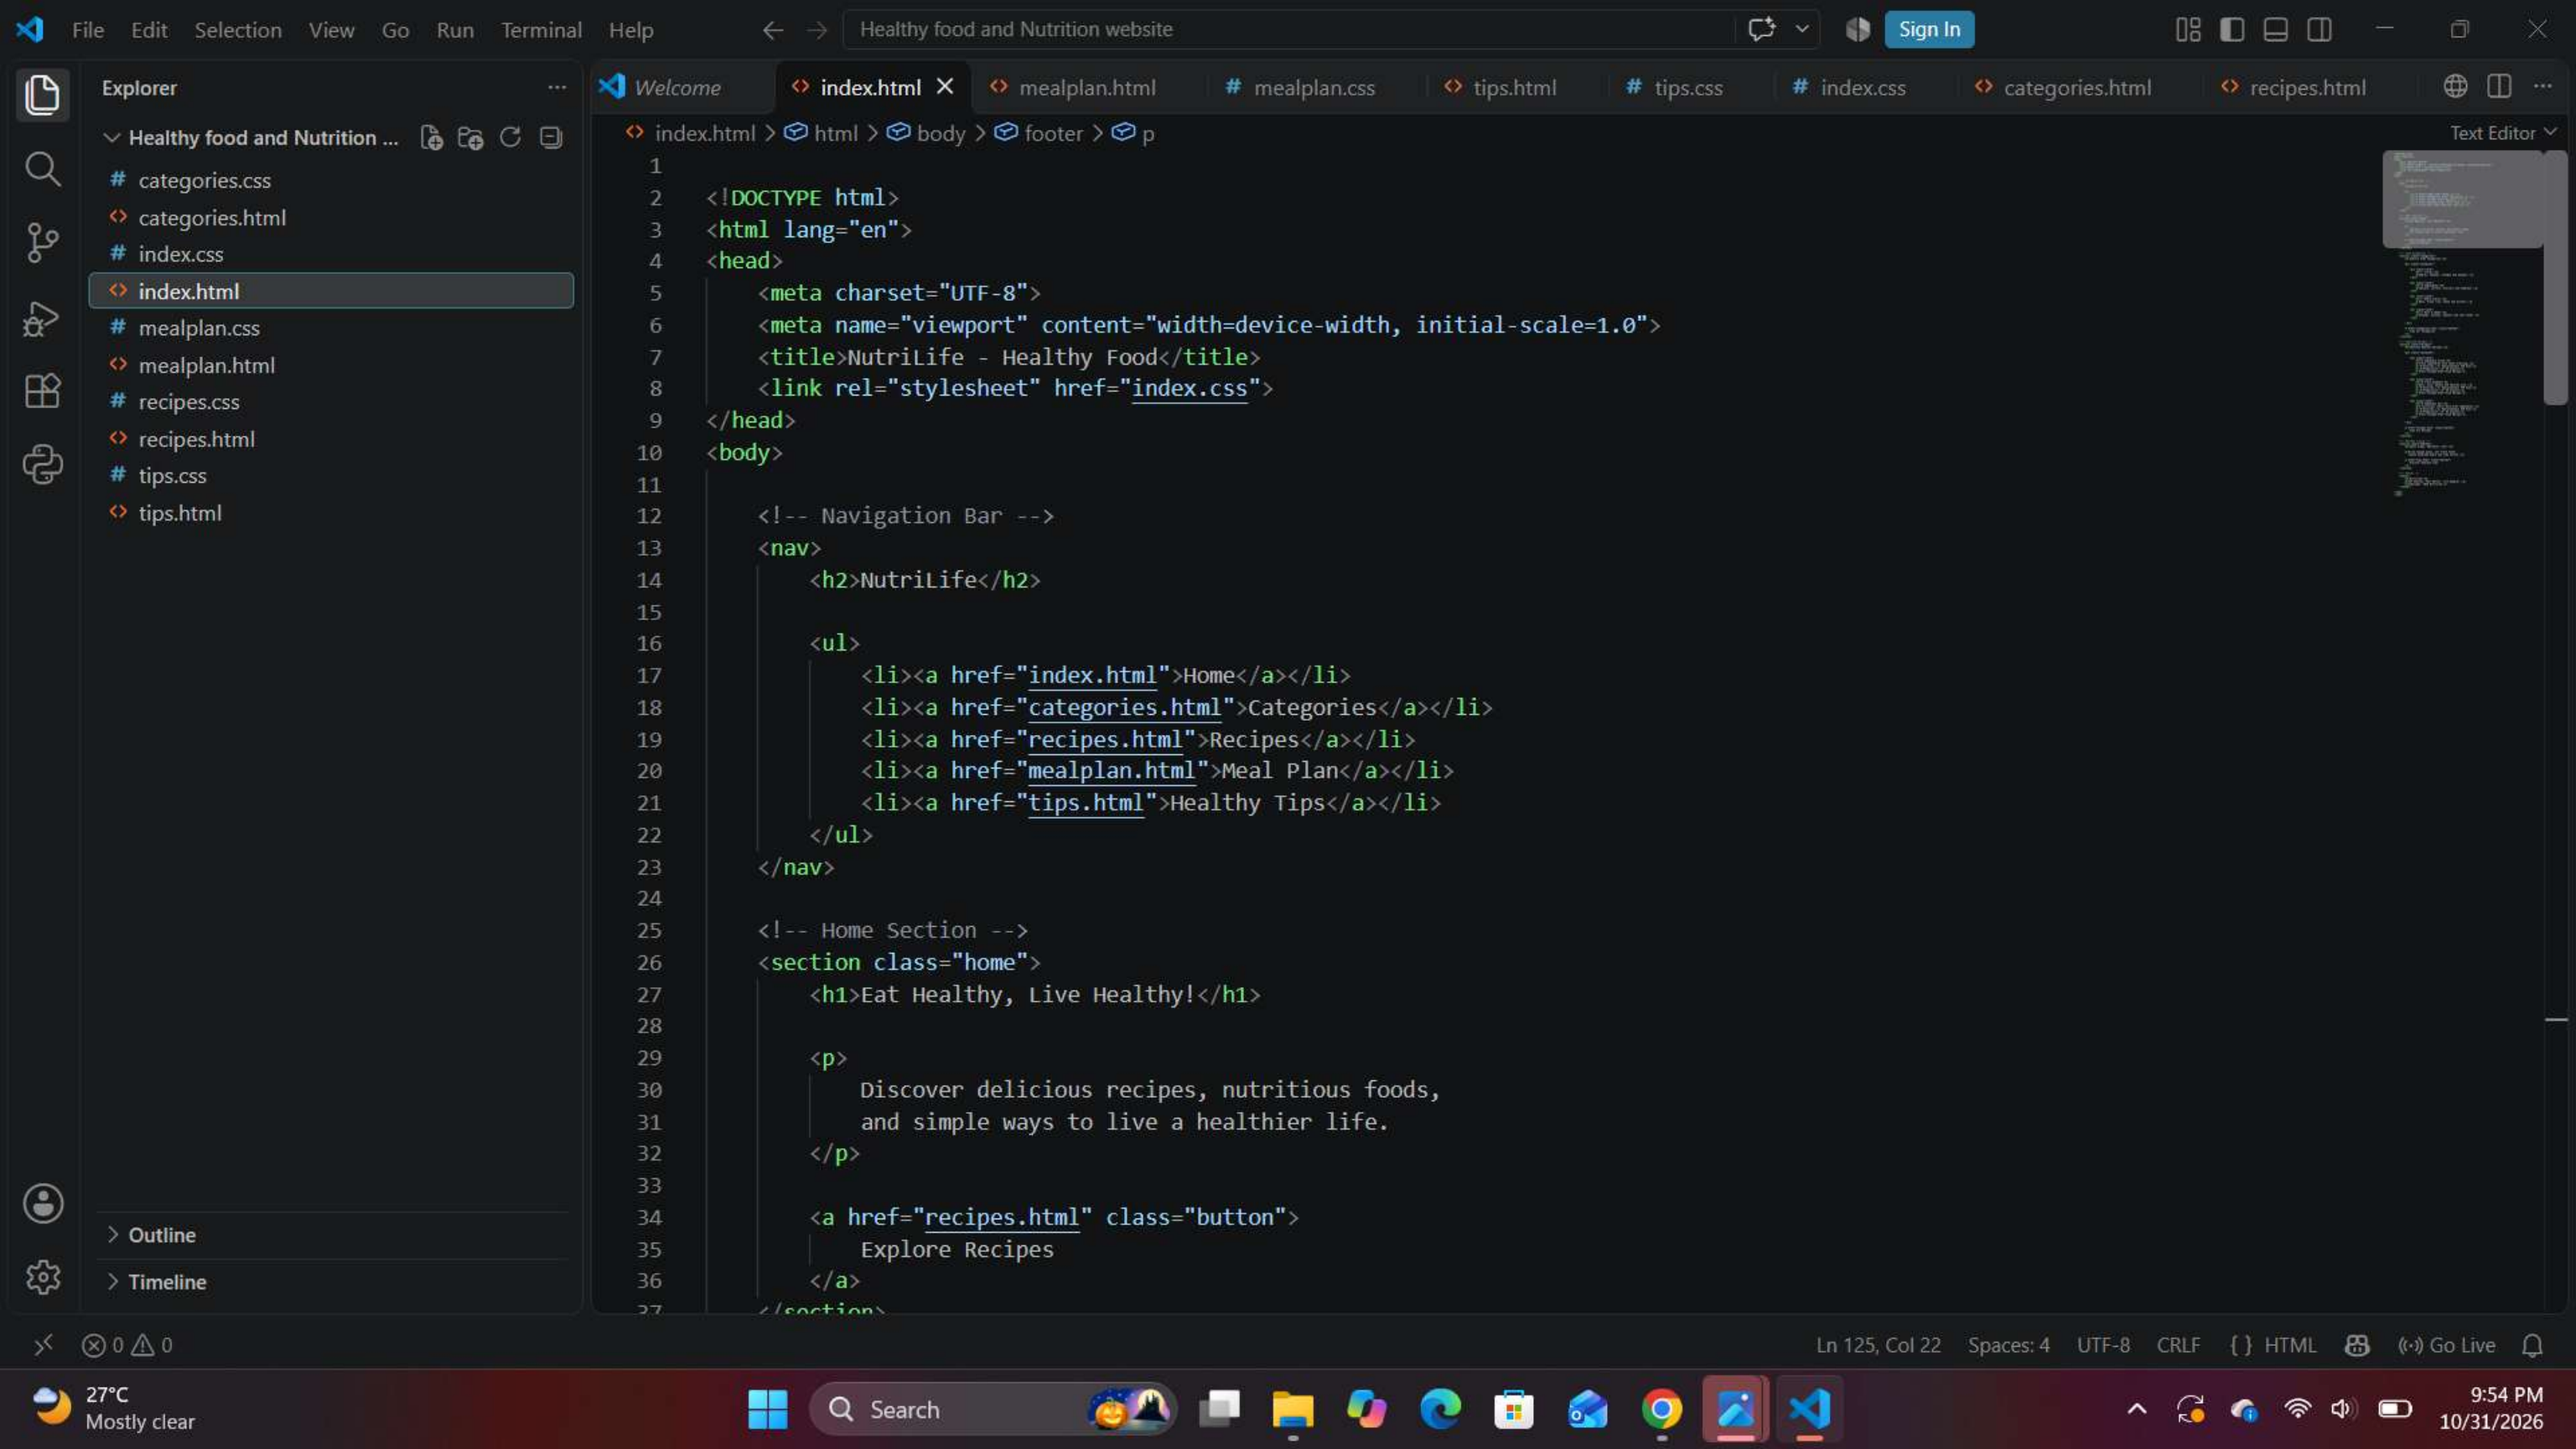

To develop a website that encourages healthy eating by presenting nutritious food categories, recipes, a daily meal plan, and practical healthy-living tips.

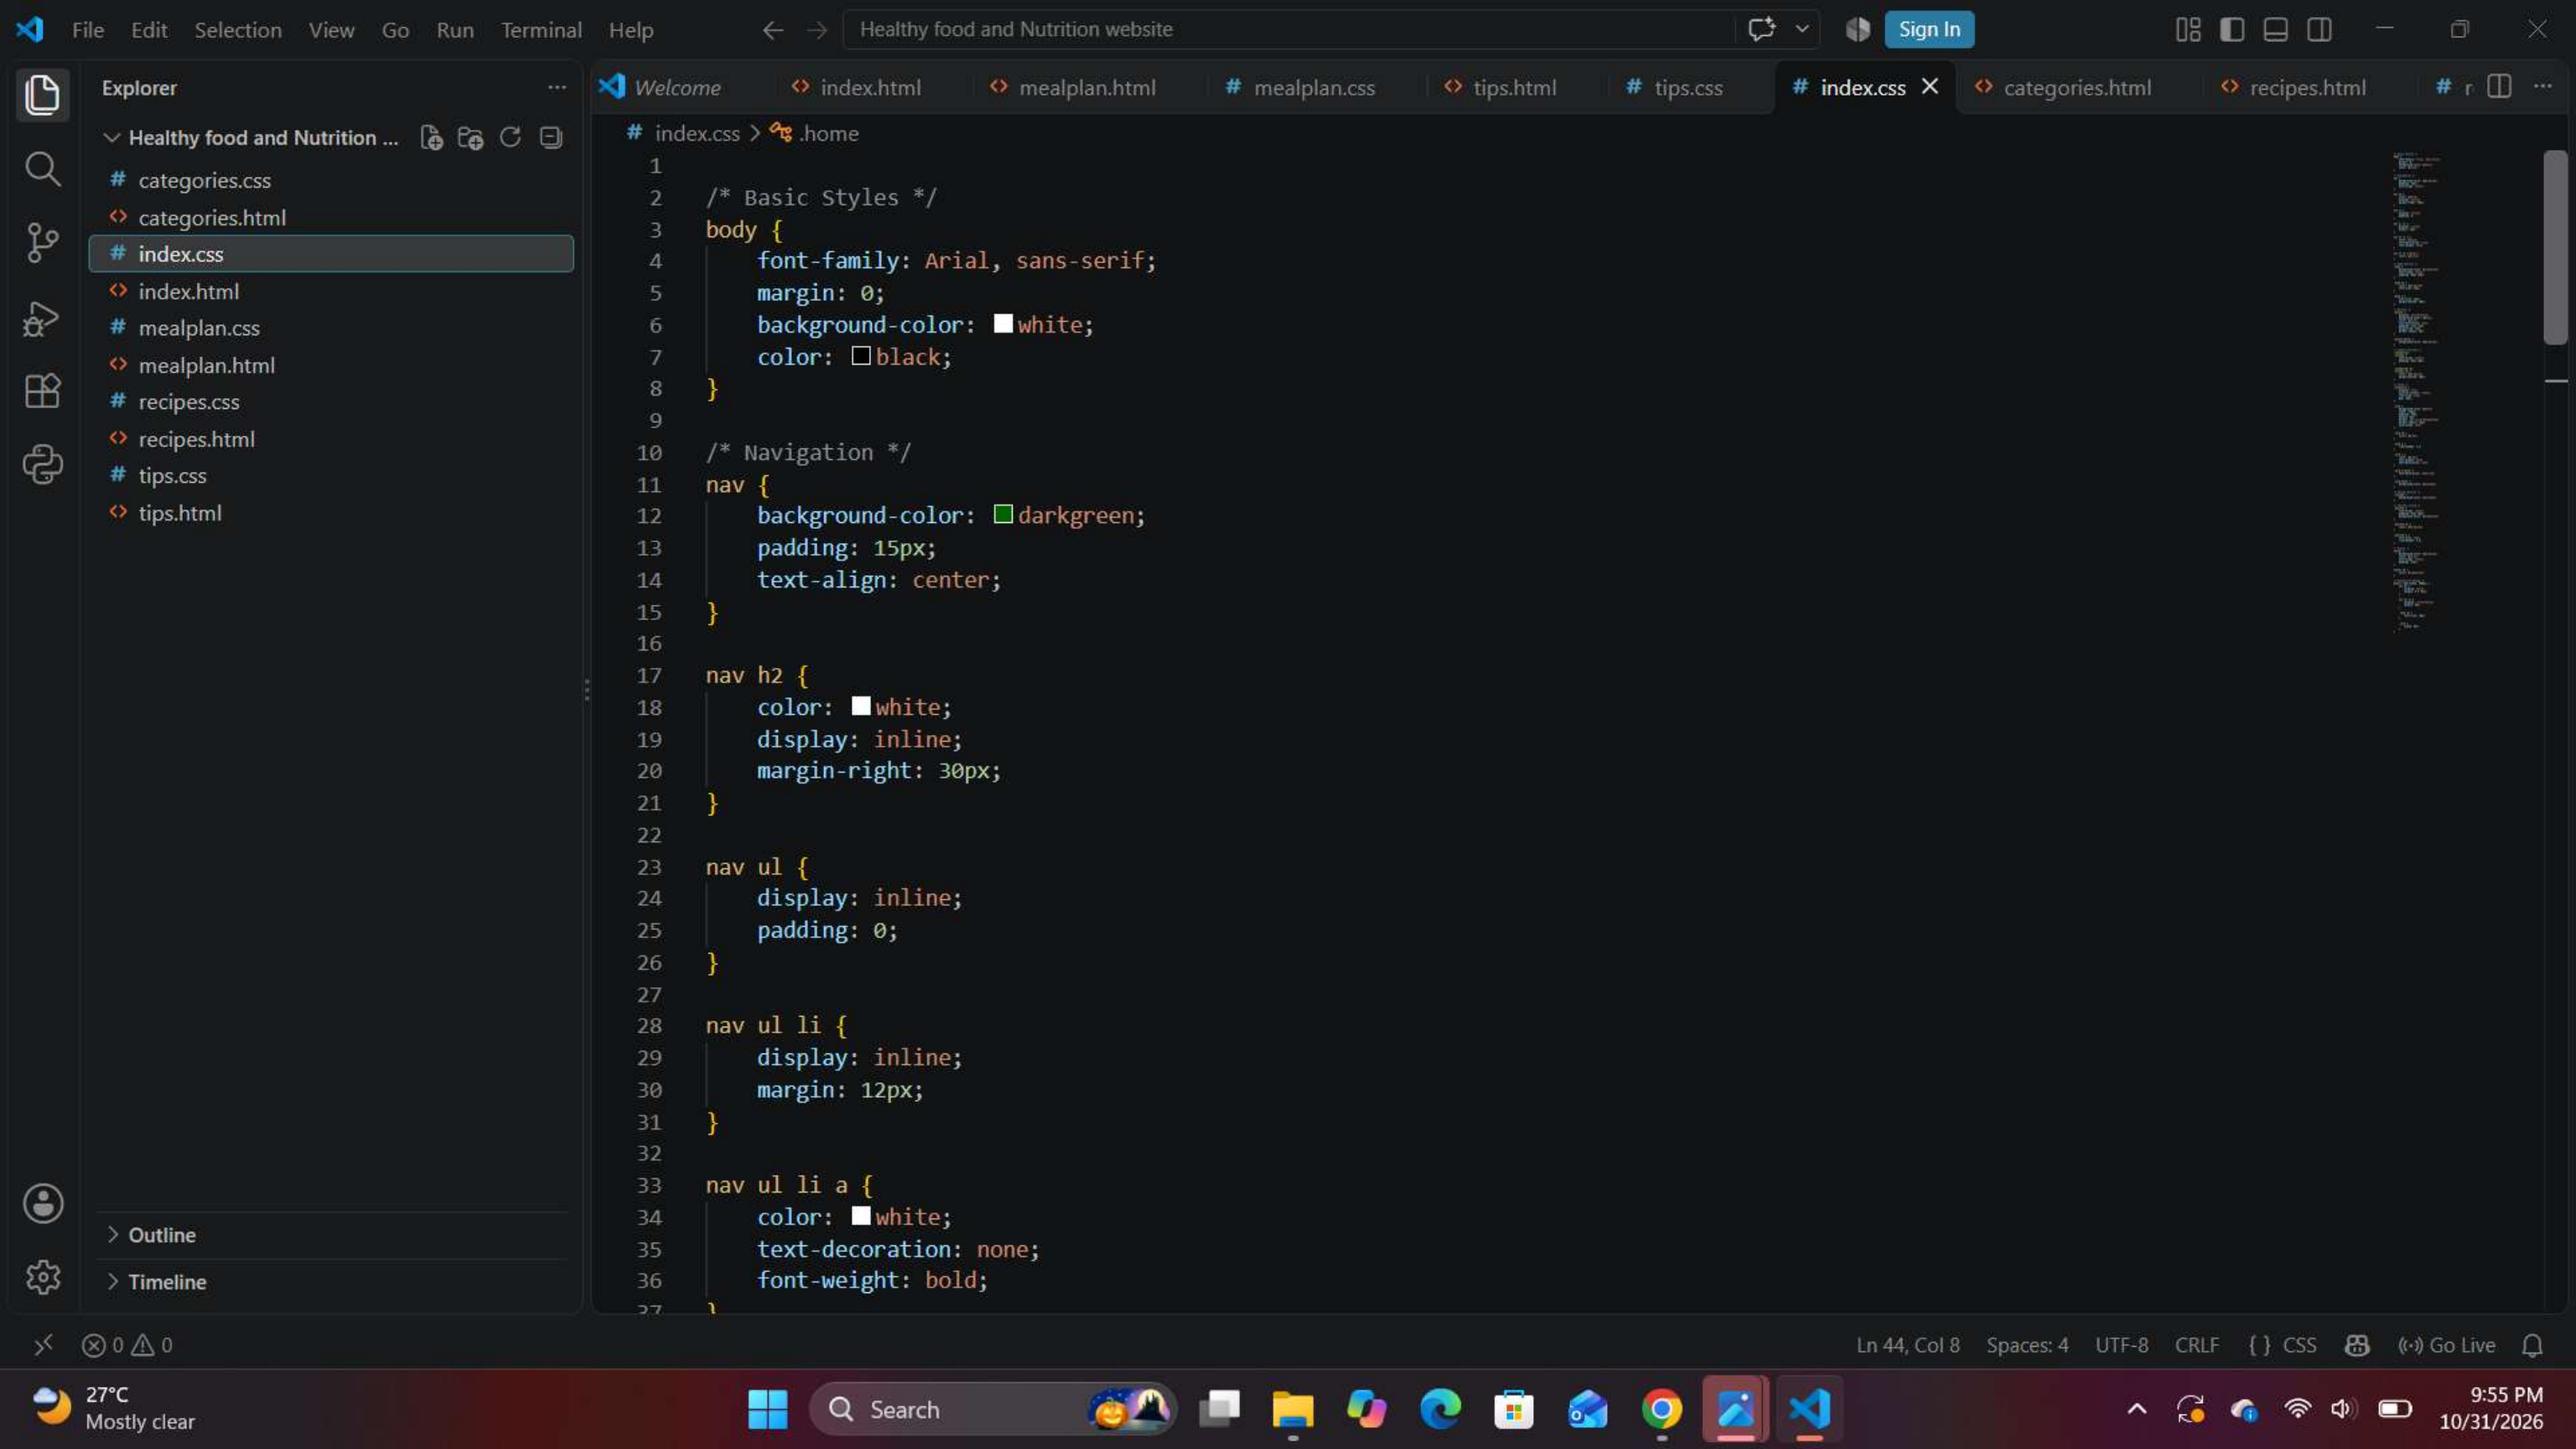

Explanation

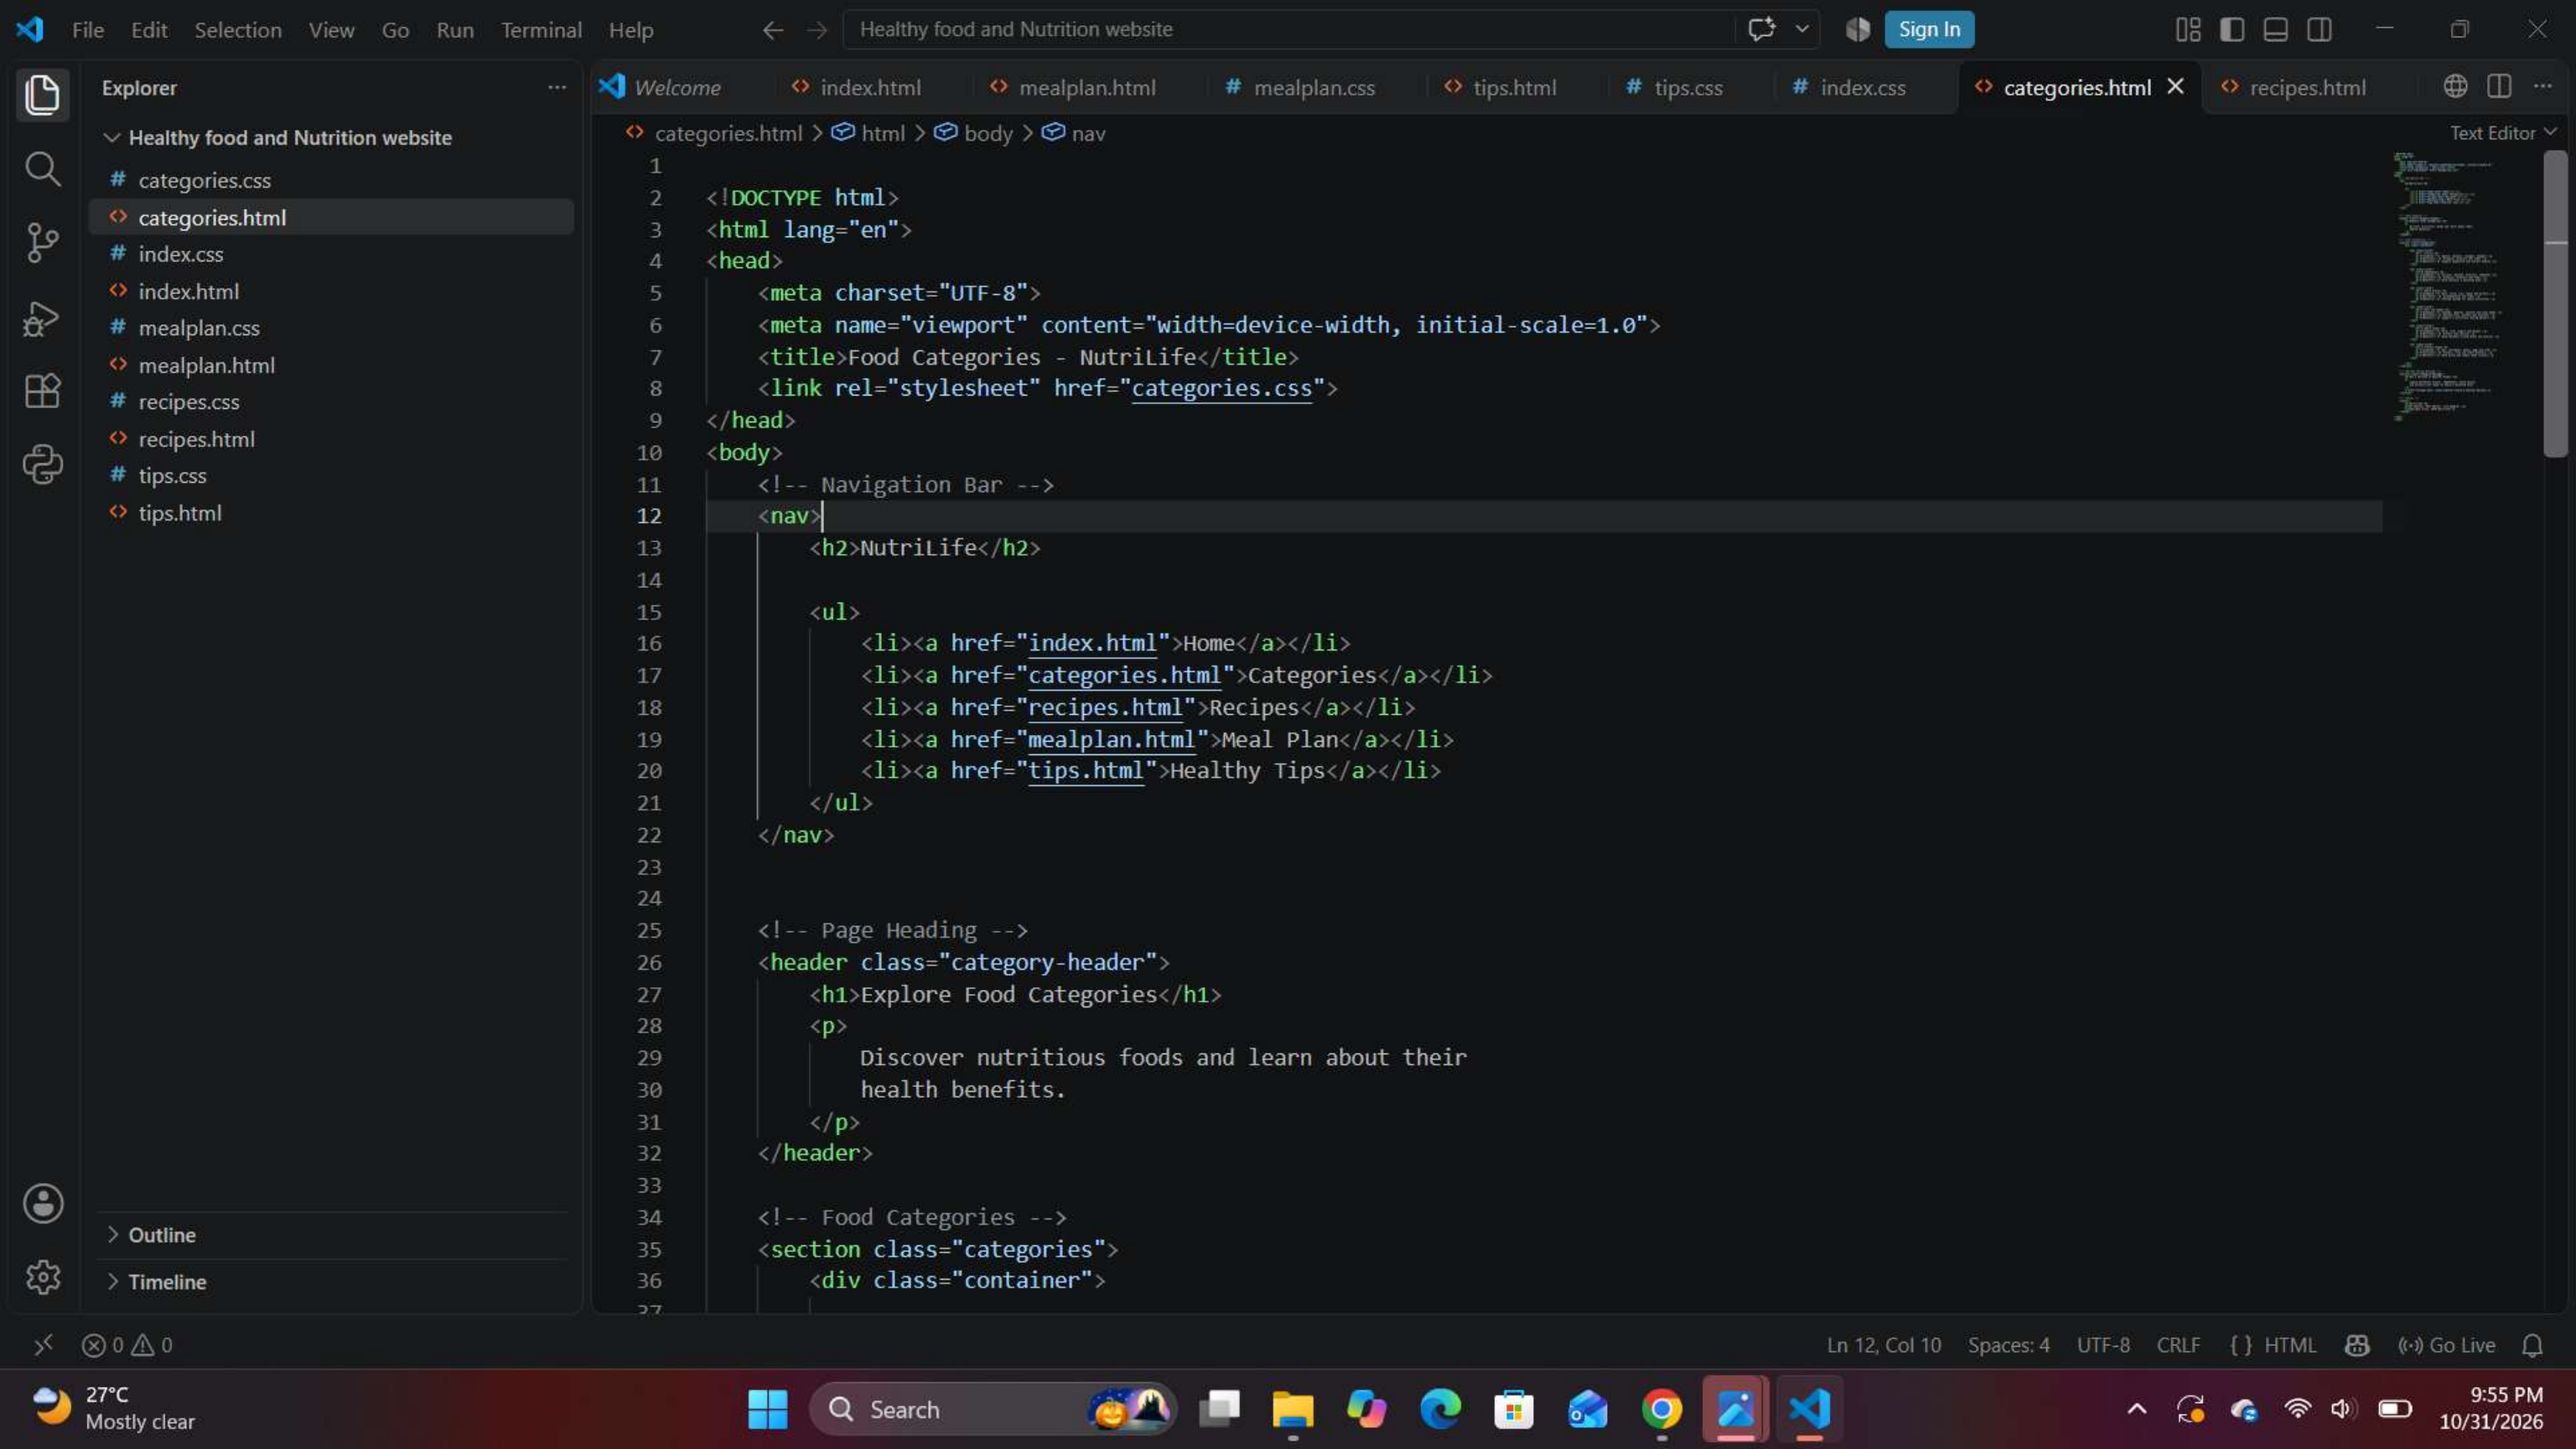

The website uses HTML pages for Home, Categories, Recipes, Meal Plan, and Healthy Tips, with CSS stylesheets to format the navigation, headings, cards, and sections. Food categories include fruits, vegetables, whole grains, and nuts and seeds. Recipe information includes approximate calories and preparation time, while the meal plan and tips offer simple guidance for daily eating habits.

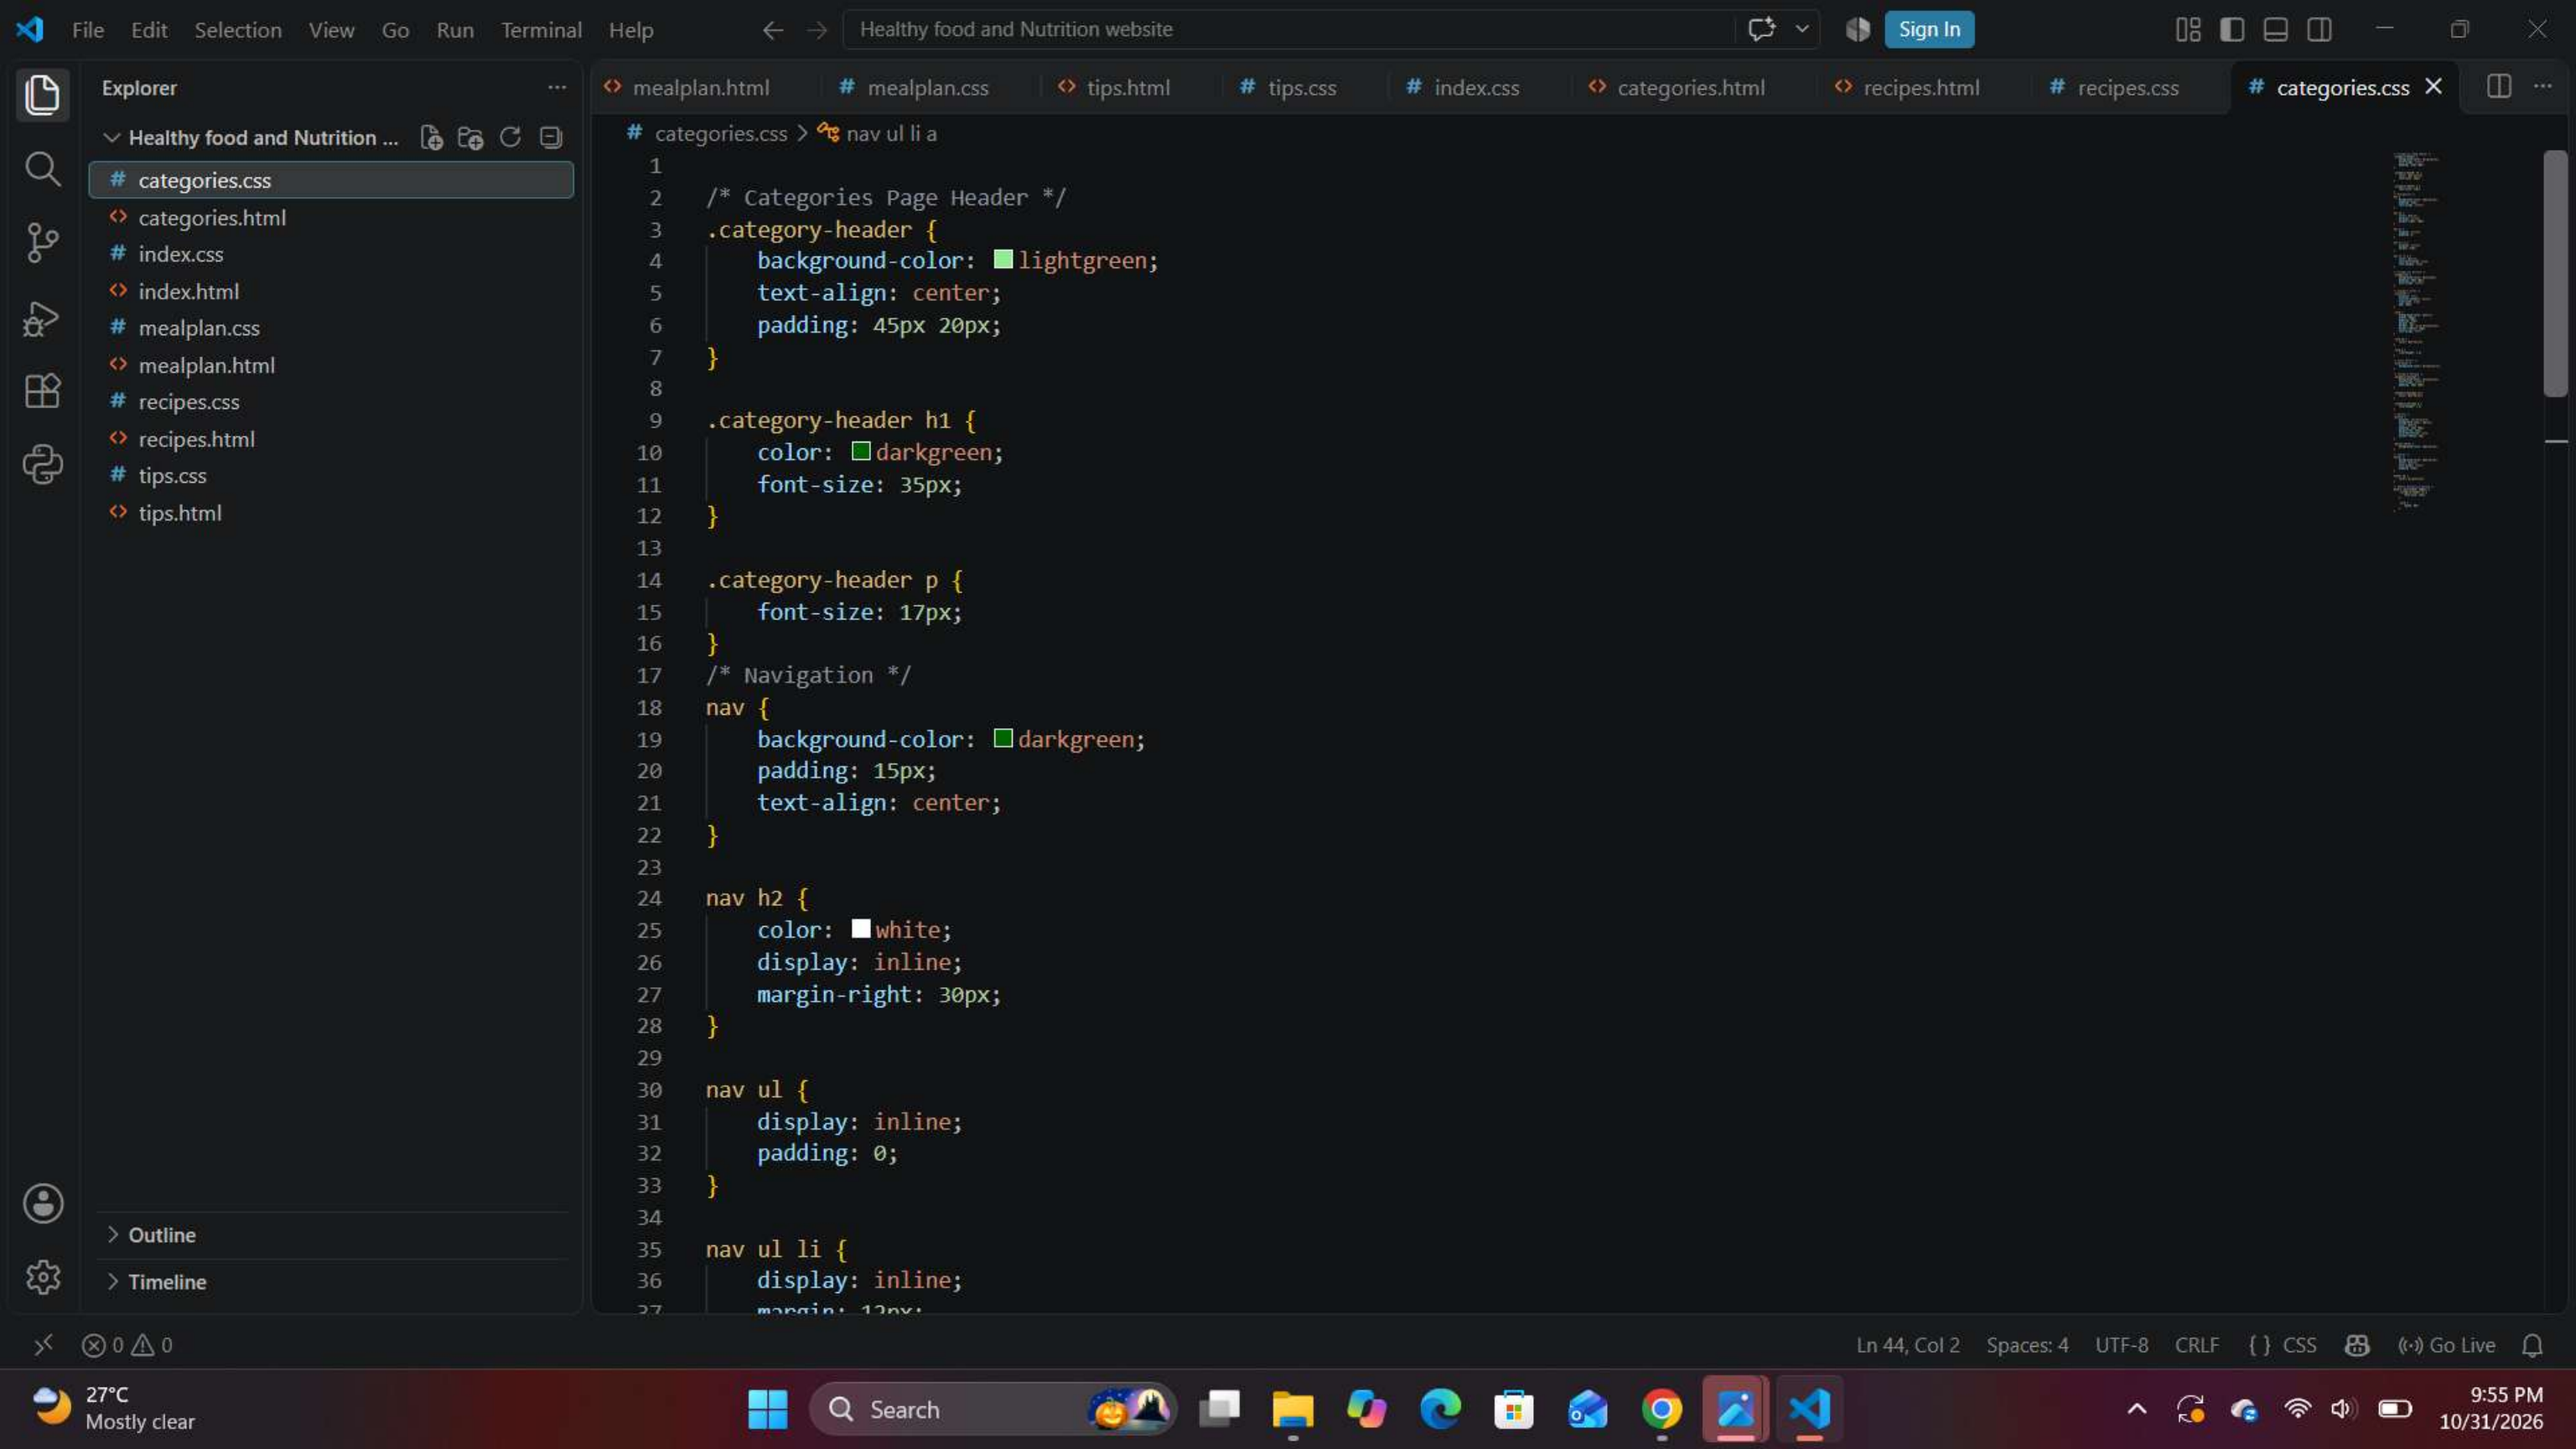

Conclusion

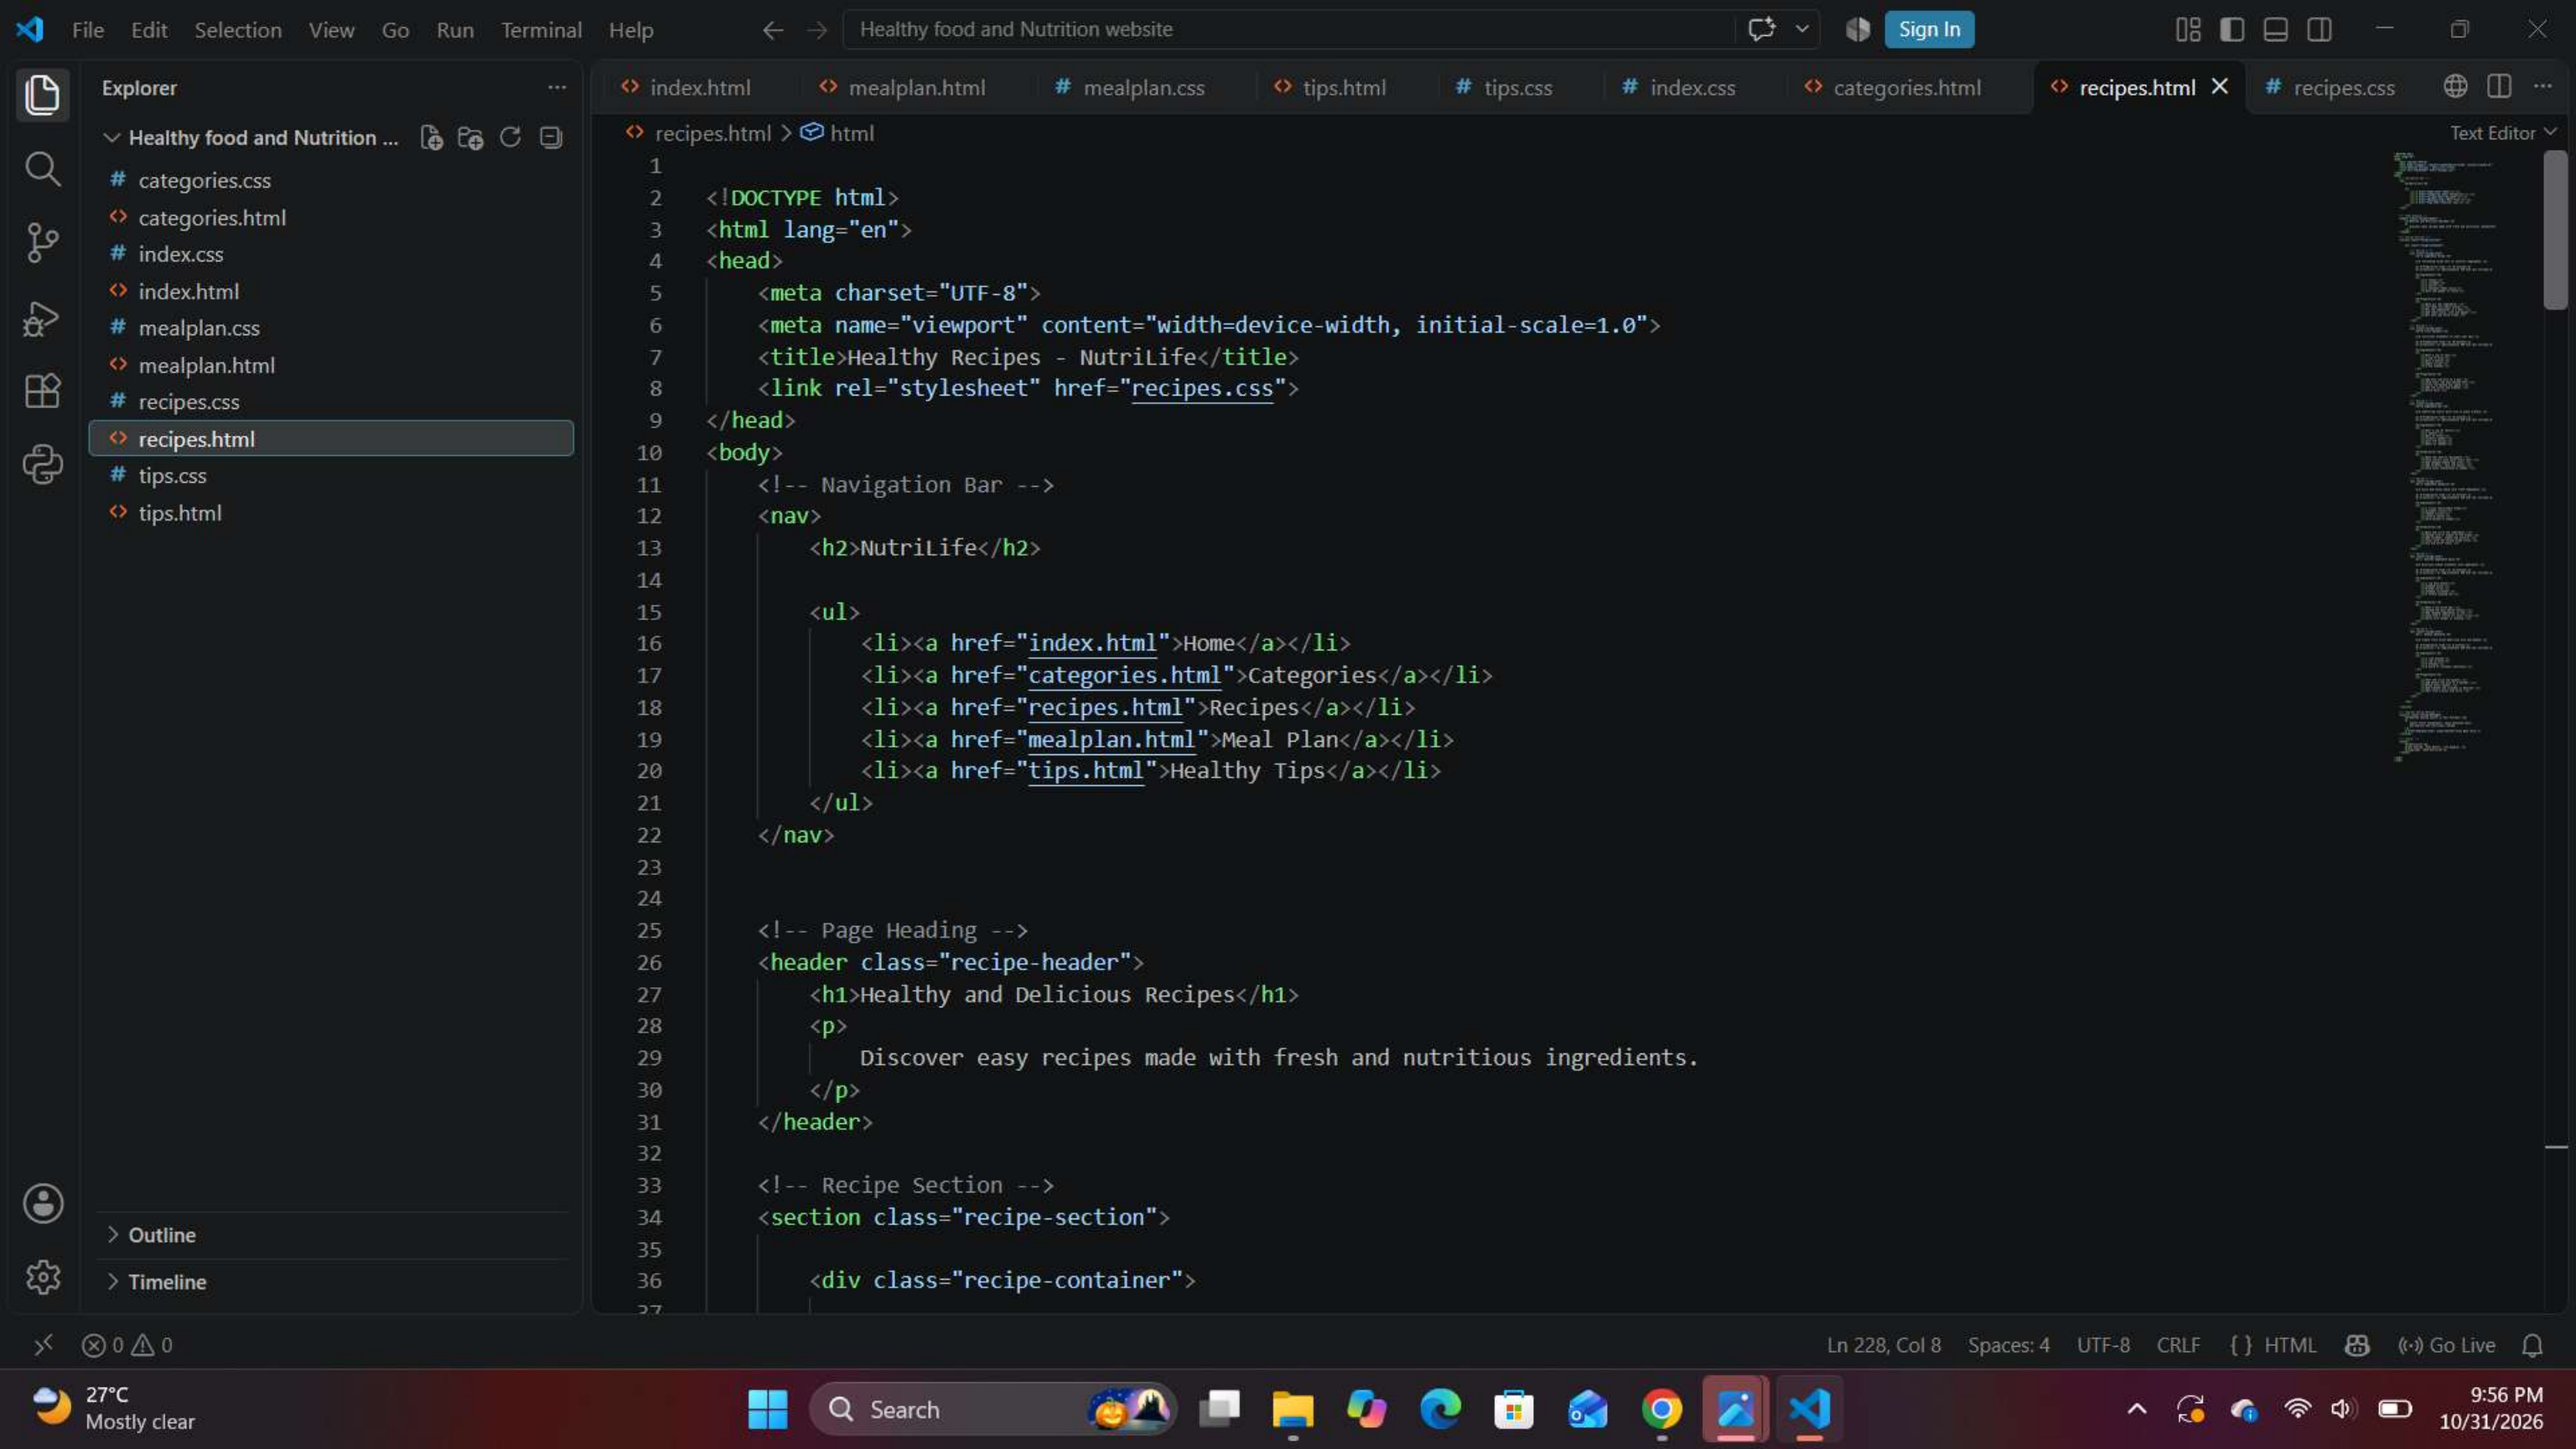

The website groups nutrition information into accessible sections and provides visitors with recipe ideas, a basic meal plan, and healthy-living tips.

Small Steps, Healthier Life!

Drink enough water, eat fresh foods, choose balanced meals and stay active.

Discover Healthy Tips

Copyright 2026 NutriLife

Explore Food Categories

Discover nutritious foods and learn about their health benefits.

🍎 Fruits

Examples: Apples, bananas, oranges, mangoes.

Nutrients: Vitamins, minerals and fiber.

Benefits: Support digestion and overall health.

🥦 Vegetables

Examples: Carrots, spinach, broccoli, tomatoes.

Nutrients: Vitamins, minerals and fiber.

Benefits: Help maintain a balanced diet.

🌾 Whole Grains

Examples: Oats, brown rice, wheat and millets.

Nutrients: Carbohydrates and fiber.

Benefits: Provide energy for daily activities.

🥜 Nuts and Seeds

Examples: Almonds, peanuts, walnuts and chia seeds.

Nutrients: Healthy fats, protein and minerals.

Benefits: Support a nutritious eating pattern.

🥛 Dairy Foods

🫘 Protein Foods

Dairy Foods

Examples: Milk, curd, yogurt and paneer.

Nutrients: Protein and calcium.

Benefits: Help maintain strong bones and muscles.

Protein Foods

Examples: Dal, chickpeas, beans, eggs and tofu.

Nutrients: Protein, iron and other minerals.

Benefits: Help build and repair body tissues.

Eat a Variety of Healthy Foods!

Choose different fruits, vegetables, whole grains and protein-rich foods to enjoy a balanced diet.

Healthy and Delicious Recipes

Discover easy recipes made with fresh and nutritious ingredients.

Vegetable Salad

A refreshing salad full of colorful vegetables.

Preparation Time: 10 minutes

Calories: Approximately 150 kcal per serving

Ingredients

- 1 tomato
- 1 cucumber
- 1 carrot
- 1 teaspoon lemon juice
- Salt and pepper to taste

Fruit Oatmeal

A nutritious breakfast to start your day.

Preparation Time: 10 minutes

Calories: Approximately 300 kcal per serving

Ingredients

- Half a cup of oats
- 1 cup of milk
- Half a banana
- Apple slices
- A few almonds

Vegetable Dal

A comforting lentil dish rich in plant protein.

Preparation Time: 25 minutes

Calories: Approximately 220 kcal per serving

Ingredients

- Half a cup of lentils
- 1 tomato
- Half an onion
- Turmeric powder
- Salt and spices

Vegetable Sandwich

A quick and tasty snack with fresh vegetables.

Preparation Time: 10 minutes

Calories: Approximately 250 kcal per serving

Ingredients

- 2 slices whole-wheat bread
- Cucumber slices
- Tomato slices
- Lettuce leaves
- Curd spread or hummus

Preparation

1. Heat a non-stick pan.
2. Spread the dosa batter evenly.
3. Add chopped vegetables on top.
4. Cook with a little oil until crisp.
5. Serve with sambar or chutney.

Preparation

1. Peel and slice the banana.
2. Add banana and milk to a blender.
3. Blend until smooth.
4. Add almonds and cinnamon if desired.
5. Pour into a glass and serve.

Healthy Eating Starts in Your Kitchen!

Choose fresh ingredients, enjoy balanced meals and explore new nutritious recipes.
